## Internships

---

### YoungDev Interns

ASP.NET Core

Fab -2025 - Present

Remote Internship

## EDUCATION

---

### Quaid-E-Awam University of Engineering, Science and Technology

BS Computer Science - 3.67

Dec 2020 - Sep 2024

## PROJECTS

---

### GameStore [↗](#)

Jan 2025 - feb 2025

Microservices based Game Catalog developed using ASP.NET Core, React and Dockerized SQL Server and EF Core

### Restaurant Management System [↗](#)

Developed a comprehensive restaurant management system using .NET Framework (C#) and SQL Server. The system features a robust Windows Forms interface for managing orders, inventory, and customer data.

### Interactive Web pages and web forms etc. [↗](#)

Designed and developed user-centered web pages and forms, prioritizing accessibility, intuitive navigation, and a delightful user experience. The responsive design ensured optimal viewing across all devices.

### Personal Portfolio Website [↗](#)

Crafted a user-friendly portfolio website emphasizing intuitive navigation and mobile-first design to showcase my skills and projects.

## SKILLS

---

- Bootstrap, JavaScript, React
- ASP.NET Core, WinForms
- SQL Server, Entity Framework
- Git & GitHub
- Restful APIs, C# Minimal Web APIs
- Postman
- C#, Python, PHP

## CERTIFICATE

---

### Google Professional IT Certificate [↗](#)

2022: 6 Months (remote)

### Data Science with Python [↗](#)

2023: 3 months

### SQL Intermediate [↗](#)

SQL Queries, T-SQL
